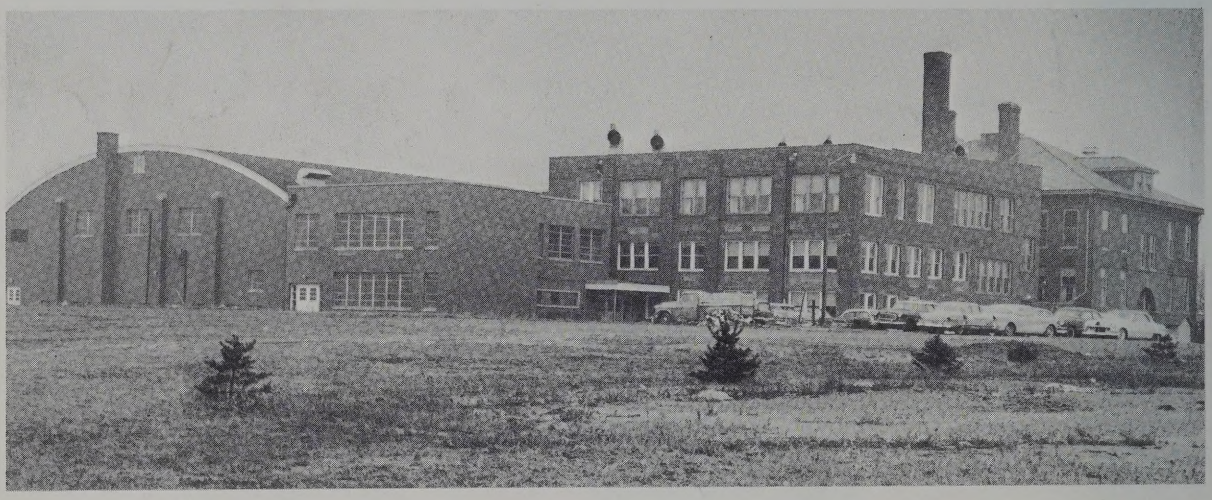
REFLECTOR

THE REFLECTOR

Published at Larwill High School of Whitko on the
110 Anniversary year of the town of Larwill,
1964-65. Larwill, Indiana.

Senior Editors: Rick Helfrich
Roberta Elliott
Junior Editors: Susan Tuttle
Steve McManama
Faculty Adviser: Mrs. Elaine Holycross

Larwill as a town is 110 years old this year and during the fall a three-day celebration was held with a fish fry by the Lion's Club; Historical Story by E. Holycross; Museum in Lion's Building by William Leffel; Ice Cream Social by the Fire Department; Dedication of the Fire House; Square Dance; Teen Dance; and a dedication of the Historical Marker on the Fire Station lot by Dr. Orville A. Briggs. It was a community effort and very well received. Since Larwill and the school are closely connected, and the schools are being reorganized, this idea for the annual was planned and is being carried out for the Reflector '65.



Larwill School is in the process of reorganization as a part of Whitko, and it is known that Larwill High School will exist only a year or so more. This year the annual staff was exceedingly ambitious and decided to:

1. print an anniversary annual
2. sell more advertising
3. use color for the first time
4. print an alumni picture section
5. offer the annual to students, alumni and friends of the school

Larwill Seniors have printed an annual for many years beginning with mimeographed books and for several years have had a printed black and white book.

The Larwill Building in 1964 School Year

Picture taken on election day, 1965, by Photographer William Jones from plane, from the west. This aerial view of Larwill shows road 5, Pennsylvania Rail Road and then National Road 30. In the background of the buildings can be seen the school, community building, ball diamond and playground of the present LHS school plant. The town of Huntsville was laid out November 13, 1854 at the intersection of Center and Main Streets where the Masonic Hall and the Larwill Feed Mill are located today. Huntsville was changed to Larwill, March 8, 1866 and named in honor William and Joseph Larwill, railroad construction engineers.

Miss Hazel Lemon, second grade teacher at Larwill graduated from Marion College and early in her career received her M.A. from Columbia University. We can think of no person who has given more of herself to the children of the community in which she lives and works. Her quiet ways, determined nature and love of her fellowmen guide her and the students in the way of learning and of right. The class takes pleasure in dedicating this annual to Miss Lemon of Larwill School.

FACULTY

1965 finds Larwill School of the Whitko Community Schools guided by Gardner Egner, Principal. The school secretary is Mrs. Vernelle (Binkley) Zurbrick. A school can serve the community it educates when there is a person in leadership position who has the good of the individual child as the center goal. A teacher-principal, as Mr. Egner is, must accept all students and the point of progression they are in at the beginning of school and make every effort to get them to progress as an individual and as a group, as far as the child is capable.
